

EXTRA-CURRICULAR ACTIVITIES CAREER EDUCATION

SUBJECT:

“JOBS THAT HAVE BEEN DISAPPEARED -JOBS THAT ARE EMERGING”

Aim of the programme:

Students get acquainted with the workplace and various types of jobs and get familiar to themselves and their abilities.

In particular, they examine job data of the past contrasting/comparing them to those of the contemporary workplace.

The possibilities for Education and Work in EU countries are traced, job perspectives and the necessity for the development of new skills are provided, along with the familiarization with the Internet and distance-working.

Stereotypes and prejudices relevant to job-choice and the role of the mass media are examined in a critical-creative way.

Methodology:

Team- experiential working, ICT use, questionnaire and field work.
