

My country

Pakistan, my country, officially the Islamic Republic of Pakistan, is a country in South Asia. It is the fifth-most populous country, with a population of over 242 million, having the second

largest Muslim population according to records of 2024. Islamabad is the nation's capital, while Karachi is the largest city and financial center. The food is spicy and some of most popular dishes are "golgapa" and "chaat". At night the streets are full of local people having fun with their families and they are very friendly and warm with the foreigners. Pakistan is the site of several ancient cultures.

I miss my country a lot, I also miss my relatives there. Unfortunately I go there every 2 years and stay there for 3 months but it's not enough.
