

## Movie Review

(by Dionisia Kefalinou, ΣΤ2)

The name of the movie is **Wonder** and it is based on a book by RJ Palacio. Wonder is an American family drama movie which was

created in 2017.

The story is about a little boy who isn't like the others because he has a problem with his face. At first Augie was sad, but with the help of his friends and family he became happy in the end.

My favorite person is Via, because every time she saw her brother sad, she made him feel better and supported him.

At first the movie made me feel sad, sad but it has a happy ending.

I would recommend this movie to many people because it is a very nice movie that gives great examples of how we can become better persons and how we can behave kindly to other people.

The movie is about bullying and friendship. Auggie is a normal, kind child but he has got an unusual face. His face

makes some children. At the beginning Auggie was feeling lonely and unwanted but in the end all children understood the friendship is more important than beauty. My favorite person is Summer, because when Auggie was lonely she supported him with her company.

I liked this movie because the script was unusual and exciting. I also liked that most of the actors are children.

I felt sad at the beginning because Auggie was feeling lonely and unwanted but I felt happy in the ending because everything turned out good.

I would recommend this movie to parents and children. I would recommend it because it's a perfect example of what people should do in similar situations.
