

# OUR SCHOOL'S BEST TALENT SHOW EVER!

The show I would like to describe is our recent school talent show! It took place on January 18 and old or young people took part in our school gym which has a big stage. Teachers told us about a song programme which they gave us 3 months before the talent show. It had Jazz, classic music, pop/k-pop and more. Over 100 students took part.

Some of the musicians were nervous and shy but some others were excited and calm. The performance was amazing and families, friends and teachers came to watch their kids play, they were so happy. How much happy? So much that some of them cried of their happiness!

The highlight of the evening was one girl whose voice is so pretty and everyone enjoyed her performance. When she had already done everyone started clapping and she was so happy. A tear had fallen from her eyes. At the end of the show, teachers voted for the best performance and the girl won the big prize!

I've seen lots of schools talents shows these 5 years but this one was differently the best. If you like to take part don't miss it the next year.
