

WHAT IS CHRISTMAS CELEBRATION?????

Christmas is a festival that symbolize the birthday of Jesus Christ, which is celebrated on December 25. Christmas is celebrated in a lot of countries around the world. The celebrations always start after a midnight mass on the eve of the festival. Also every year at Christmas Santa Claus visits every country and shares gifts. So the next day every kid is excited about opening their gifts.

Especially here in Greece at every holiday, it is important to have a huge meal. It is a traditional way to stand out from the other countries. A Greek Christmas meal includes turkey or other poultry. We are also served potatoes and salad.

Also after this huge meal, we are offered desserts and different cakes. Lastly, 2 well known desserts here are melomakarona and kourabiedes.

The majority of children wait for a specific day. The day that they open their presents. Believe me this day is important for kids and because I have been in this age I think that is the most beautiful day of the year. This day the house is full with happiness, laughter and voices!!!
