SUMMARY

This project is about the civilization of Incas. More specifically in the next pages the paper describe the history and way of life of this mystical civilization

The Incas controlled the Peru Bolivia Chile and Ecuador. There were great farmers , builders and they were known for the amazing architecture of their buildings. They were also traders and travelled a lot. They mined gold and silver.

The Incas empire lasted only 100 years from Ab 1438 to 1532. Their civilization enigmatically disappeared. Nowadays, Peruvian archaeologists still find thousand of Incas artifacts beneath the streets of Lima Peru.
