This project is about United States of America. More specifically, in the next pages it shows the religion, clothes, food and holidays that there are.

The United States of America is the third largest country in the world with population of more than 332 million.

USA has a basis of religious freedom. The majority of people are Christians and some others they don't have religion.

Clothing styles vary. Jeans, sneakers, baseball caps, cowboy hats and boots are some items which Americans prefer. Furthermore there are many foods in American cuisine that we all eat and for some are their favourites, such as hamburgers, hot dogs and meatloaf.

A well-known American holiday is Halloween. It is celebrated on October 31 and people are wearing scary costumes and kids go Trick-or-treating. However, there are other holidays such as the celebration of American independence from Britain and they celebrate it on the 4th of July.

Also Labor Day which is celebrated on the first Monday in September and celebrates the country's workforce and Thanksgiving which falls on the fourth Thursday in November and the harvest season is celebrated.
